

GALT TRAFFIC!

2/7

SEPTEMBER 1997

SOOIEEEEE...!!!

All you farm kids know what that means -- that's how we call the old boar and tell him it's time to get "dressed" for the ***Galt / EAA 932 1st annual Big Pig Roast to be held Sat., Sep. 20 at 4:00 pm at Galt.***

When we discovered this idea wouldn't make any money, (That's why everybody else serves pancakes), we decided, "what the hey", let's go ahead anyhow, and do it just for fun. We're going to keep it small, 100 to 120, and try to make it a "family affair", concentrating on selling tickets to "One Zero Charlie regulars", and we're going to keep the price at \$7.50, (kids, \$4.). **Buy your tickets at the Galt Office -- They're going fast!** Come join us for a good time!

SEPTEMBER HOURS
8:00a - 7:00p Labor Day, 8:00a - 5:00p

FIRST SOLO / NEW RATINGS

Congratulations to soloists Peter Breen (7/24), Jim Pedersen (8/5), and Bill Scarlett (8/14). Also, to new Private Pilot Andy Delimat and to newly instrument rated Butch Wyrzyn.

HELP US LAUNCH "FLYING START"

Saturday, Sep. 20, at 2 pm, the Galt EAA Chapter will host a "Flying Start" seminar for anyone interested in learning how one goes about learning to fly. We'll have plenty of old pilots, new pilots, and CFIs on hand to answer questions and help to clear up the myths and mysteries that abound. Don't send -- **bring** -- that friend who has expressed an interest in learning to fly before he/she just gives up and takes his/her money to the marina or country club.

Any "Tencee" who would like to join us is welcome. We'd love to have your plane or other aviation related item of interest on static display -- come help us out and then stay for the **Big Pig Roast!**

ccccccccc

WE'RE PROUD OF GERRY MOLIDOR!

If you didn't know that you are "in the company of Eagles", please take note: Our own Gerry Molitor whose 10C address is Hangar #24, took the Silver Medal in the final round of the Advanced World Aerobatics Competition held in Lawrence, Kansas this summer.

Gerry is a United Airlines Captain who resides in McHenry with his wife and three children.

The USA team, of which Gerry is the Captain, took 2nd, 3rd, 4th and 6th places and was awarded the Gold Team Medal. Gerry has been a serious contender for a long time. He's won the US National Championships in the Sportsman, Intermediate and Advanced categories as well as numerous regional awards over the years leading up to this competition, which pitted him against the finest pilots in the world. Gerry is a director of the International Aerobatics Club and a past president of IAC Chapter One.

The public may confuse aerobatics with "stunt flying", but we pilots know that what we're talking about here is the most demanding precision flying there is and we are indeed privileged to have the number two contender in the world right here in our midst. Congratulations, Gerry and the best of luck in the future!

MEET THE REST OF THE GALT GANG

In July we talked about the CFIs and in August, the Mechanics. Now, say hello to the folks you probably deal with most: the office and line staff.

Were it not for **Carla Nusbaum**, you might not get your monthly statement on time. Carla has been with Galt for 13 years. She's a native of Woodstock and her husband, Steve, was raised just down at the bottom of the hill in Greenwood. Carla has soloed but says that for now her Private is "on the back burner". The Nusbaums have owned, (and built!), several airplanes and son, Chance, made his first solo this summer.

One can rely on Carla to be both helpful and sympathetic with the problems and questions of the "one zero charlie" family.

(continued)

Pat Wyrzyn, (say, "ving shun") is in charge of line service and has been here for over two years. Is she a pilot? Is she an aircraft owner? Do I ask a lot of silly questions? -- of course she is! And so is her husband, Butch, (who has a brand new IFR ticket). Pat and Butch own or are in partnerships in a Cessna 150, Cessna 182 and a Piper Aztec. Pat not only sees to it that the Galt line is properly staffed, but can take considerable pride in the fact that the grounds look very much like "somebody lives here", which in a way, we all do.

Geoff Gotshall, 25, is a native of Crystal Lake, a C.L. Central grad. and US Navy veteran. Geoff soloed this summer and is planning on an aviation career. He is currently studying at McHenry County College.

Amber Hanekamp, 18, is from Wonder Lake and is a 1997 Woodstock H.S. grad. Amber has soloed, (16th birthday), and is working on her Private Pilot License. She is currently in pursuit of a career as a travel agent.

Chris Noskowitz, 22, is a Private Pilot and recent graduate of Rock Valley College, (A&P). Chris is another Wonder Lake resident and Woodstock High School Grad., pursuing an aviation career, of course.

Although a two or three sentence paragraph is not much of a biography, we hope this will serve as a brief introduction to any one at Galt that you have not yet had a chance to become acquainted with.

It is interesting to note that every Galt employee is a pilot, and most, are airplane owners. It's no wonder that so many of us lovers of everything aeronautical like to be around this place and it's people. When at Galt, you're a lot farther from the big city than your sectional indicates.

PLEASE CLOSE THE DOORS

'Tis an oft heard complaint: Somebody's been gone all day, (or all night), left their hangar doors open, and now the wind's picking up, and

Please be considerate of your neighbors and close doors when leaving for an extended period.

FALL COLORS TIP

Many activities occur in northern Wisconsin when the fall colors are at their peak. Stop by the State Tourism office on Hwy. 12 just north of Richmond and check out their brochures, etc.

SEPTEMBER CALENDAR Fly-ins and outs & \$100 Pancakes

NOTE: Most events include more than just a fly-in breakfast. Call ahead for details

- Sep 1-7 Galesburg, IL (GBG) 309-342-3134**
National Stearman Fly-In
- Sep 1-6 Lawrenceville, IL (LWV) 317-463-3013**
Flight Week (many activities)
- Sep 5-7 Mattoon, IL (MTO) 217-348-5227**
Illinois Aerobatic Competition
- Sep 5-7 Carbondale, IL (MDH) 618-529-1721**
Cascade Of Colors (many activities)
- Sep 6 Osceola, WI (OEO) 715-755-3300**
Fly-In Breakfast -- Wheels and Wings Air Fair
